1 Opportunities for Field Study and Study Abroad

Besides the many academic resources McGill offers on campus, there are also unparalleled opportunities to enrich your educational experience through exchange programs, internships, field study programs, and McGill courses taught abroad.

2 Study Abroad Options

There are four types of Study Abroad options available:

- [section 2.1: Bilateral Student Exchanges](#)
- [section 2.2: CRÉPUQ Exchanges](#)
- [section 2.3: Field Study Semesters and Off-Campus Courses](#)
- [section 2.4: Study Away On Your Own](#)

2.1 Bilateral Student Exchanges

Bilateral student exchange agreements are tuition exchange agreements that exist between McGill University and one other institution, which has been reviewed and approved by McGill. McGill University has bilateral agreements in many countries including: Australia, Austria, Belgium, Canada, China, Czech Republic, Denmark, Finland, France, Germany, Hong Kong, Hungary, Ireland, Italy, Japan, Korea, Mexico, the Netherlands, New Zealand, Norway, Russia, Singapore, Spain, Sweden, Switzerland, Thailand, Turkey, the United Kingdom, and the United States. Exchange programs can be university-wide or faculty-specific. Faculty-specific agreements are only open to students in the specified faculty.

The full listing of bilateral partners can be found at www.mcgill.ca/students/international.

2.2 CRÉPUQ Exchanges

The *Conférence des recteurs et principaux des universités du Québec* has established tuition exchange agreements in which all Quebec university students may participate, regardless of whether or not they are Quebec residents. The listing of CRÉPUQ partners is accessible from <http://echanges-etudiants.crepuq.qc.ca>.

2.3 Field Study Semesters and Off-Campus Courses

McGill offers you a chance to put theory into practice through local, regional, and international field study semesters and individual courses. Field studies provide practical experience and a chance to integrate and apply knowledge gained in the classroom. In many cases, field courses can be counted toward major program requirements. You should see your adviser for details.

Field Study Semesters are packages of McGill courses aimed at upper-year students that focus on the physical and social aspects of the environment. They are offered in various regions around the world in the Fall or Winter term. Currently, Field Study Semesters are offered in East Africa (Kenya, Uganda and/or Tanzania; see [section 3: Africa Field Study Semester](#)), Barbados (see [section 4: Barbados Field Study Semester](#) and [section 5: Barbados Interdisciplinary Tropical Studies Field Semester](#)), and Panama (see [section 6: Panama Field Study Semester](#)). Enrolment is limited, and application deadlines and costs vary, so you should consult the relevant sections of this publication for details. If you are interested in participating, you should begin planning your courses before the Field Study semester, as some of the field courses require prerequisites.

Students participating in any one of the field study semesters, i.e., the Africa Field Study Semester, the Barbados Field Study Semester, the Barbados Interdisciplinary Tropical Studies (BITS) Field Study Semester, or the Panama Field Study Semester, may complete the 18-credit Minor in Field Studies. See [section 7: Field Study Minor](#) for details.

Off-campus McGill courses are also offered to you and sometimes require separate departmental application. The courses are typically offered during the summer months and can be offered in places as varied as Italy, Mexico, or Brazil and in disciplines in Arts, Engineering (including Architecture), Science, Law, or Management. See [section 12: Off-Campus Courses](#).

2.4 Study Away On Your Own

If you want to study as a Visiting student at a university with which McGill does not have a student exchange agreement, you must consult the Student Affairs Office of your McGill faculty, as well as the Admissions Office of the university to which you are applying regarding application requirements. You would pay tuition to the host institution.

3 Africa Field Study Semester

Website: www.mcgill.ca/africa

Students from other universities are eligible to apply to the McGill CFSIA and must also meet the criteria for admission to McGill as a Visiting Student. Please see the Canadian Field Studies in Africa (CFSIA) website for details.

The CFSIA comprises 15 credits of field study courses. Two courses (6 credits) in the natural and social sciences provide interdisciplinary academic context for field study. The other 9 credits are taken from the complementary courses list.

Visit the CFSIA website www.mcgill.ca/africa or refer to this publication for the latest program updates.

8 Exchange Programs

McGill students can study on exchange while paying McGill tuition and earning credits toward their McGill degree.

8.1 Eligibility

Student exchange programs are open to McGill students of all nationalities. To participate, applicants must be currently registered as full-time, degree-seeking McGill students, and meet the criteria of their faculty at McGill. Applicants must have completed at least one year of full-time study by the start of the exchange. Students can participate in exchanges for one term or two terms.

The annual Study Abroad Fair will be held early October 2013. Check www.mcgill.ca/students/international for up-to-date information on the Study Abroad Fair.

8.2 Applying for an Exchange

Applications must be submitted on Minerva. Complete application details are found on the Student Exchanges and Study Abroad (SESA) website: www.mcgill.ca/students/international.

8.2.1 Deadlines

All deadlines regarding student exchanges are available at www.mcgill.ca/students/international/goabroad. **Your Faculty Approval** deadline to participate in an exchange is in January. The Faculty of La

9 Financial Assistance

Students participating in an official McGill University exchange program are eligible to apply for government student assistance as a McGill student, but are not eligible for McGill Student Aid. Students who “study away on their own” are not eligible to receive government student loans through McGill because they are not registered at McGill. Students should verify with the institution they will be attending whether or not they will be eligible to receive government student assistance.

9.1 Transfer of Credits from Host Institution

Grades received from the host institution do not appear on the McGill transcript nor are they calculated in the McGill CGPA. The McGill transcript includes a notation of participation in an exchange, the number of transfer credits granted by McGill, and where applicable, McGill course exemptions.

The transfer of credits process must be initiated by the student immediately upon return from exchange with the faculty Student Affairs office, and be completed no later than four months after the exchange.

Before leaving the host institution, students should order two (2) copies of the official transcript for their files, and ensure that the institution sends an official version of the transcript to Student Exchanges and Study Abroad at McGill.

9.2 Universitas 21

The Universitas 21 Consortium is an international network of leading research-intensive universities whose objective is to assist members' plans for internationalization, particularly in facilitating student exchanges and short-term research visits. McGill University currently has bilateral student exchange agreements with the following institutions within the U21 Consortium:

- Fudan University
 - Korea University
 - Lund University
 - National University of Singapore
 - Shanghai Jiao Tong University
 - Tecnológico de Monterrey
 - Waseda University
 - University of Auckland
 - University of Birmingham
 - University of British Columbia
 - University College Dublin
 - University of Edinburgh
 - University of Glasgow
 - University of Hong Kong
 - University of Melbourne
 - University of New South Wales
 - University of Nottingham
 - University of Queensland
