---

## **1.1 Location**

---

## **2.2 Student Services and Regulations**

### **2.2.1 Student Advising**

The Mission Statement of the University expresses the commitment to offer students the best education available. An essential component of this is the advising process. The active participation of students in the advising process is essential in order for them to access the full range of academic opportunities during their studies. They must be proactive in seeking meetings with advisors, professors, counsellors, and such to ensure that they receive the advice they need to meet their academic goals. It is their responsibility to inform themselves about the rules and regulations of the University faculty, and their program. With the students' cooperation, all advisors and counsellors will work together to help students throughout their program.

Students are responsible for the correctness and completeness of their records. While faculty advisors and staff are always available to give you advice and

are expected to have a working knowledge of the English and French languages. French language proficiency is a requirement for B.Sc.(N.) and Qualifying Year programs. For further information, please refer to [mcgill.ca/nursing/apply](http://mcgill.ca/nursing/apply).

**Note for Physical and Occupational Therapy:** All sites within the McGill network require students to have a working knowledge of both English and French. To be eligible for the most varied fieldwork experiences, students are required to prepare themselves to work in both languages. Students who do not speak French will have more limited clinical placement opportunities. This may result in delayed graduation from the program.

### **2.2.2.1 Proof of Proficiency in English**

Applicants are not required to submit proof of proficiency in English if they meet one of the following conditions: their mother tongue/first language is English; or they have completed both Secondary V and a Diploma of Collegial Studies in Quebec; or they have studied for five or more years in an institution

Current information indicates that there is a potential risk of transmission of Hepatitis B from practitioner to patients in the clinical dental setting. Therefore, applicants for the D.M.D. program, the General Practice Residency Program in Dentistry, and all Oral and Maxillofacial Surgery programs will be required to be tested for Hepatitis B surface antigen by the Student Wellness Hub. Applicants who test positive for Hepatitis B surface antigen will be tested for Hepatitis B “e” antigen and Hepatitis B viral DNA to help determine infectivity risk. If tests for either Hepatitis B “e” or Hepatitis B viral DNA are positive, the offer of acceptance will be withdrawn and registration in the program will not be completed.

Health Sciences students who think they might be infected or think they have been exposed to a blood-borne disease should be tested for any or all blood-borne pathogens.

Students who are seropositive for Hepatitis B, C, HIV, and/or any other blood-borne pathogens have an obligation to notify the Dean or Director of the school as soon as they know their serologic status. These students will be referred to the *Service d'évaluation du risque de transmission d'infections hématogènes*, a provincial service responsible for all infected workers, including medical students. This service will make recommendations to the students and Faculty based on current scientific knowledge and relevant guidelines and practices. Students must follow the recommendations of the Service. The Service may recommend restricting the practice of these students. Students who carry blood-borne pathogens may not be permitted to perform procedures involving needles, scalpels, or other sharp objects as this may pose a risk to patients and co-workers. This means that they may not be able to complete their clinical requirements and may be required to withdraw.

**Applicants who know they are carrying blood-borne pathogens should consider carefully their intention to become healthcare workers and govern themselves accordingly.**

Students involved in patient care who develop any contagious disease placing patients at risk must immediately discuss their condition with their supervisor and they may be required to temporarily stop clinical activities. McGill University considers it important for Health Sciences students to fulfil their ethical obligation to patients by taking appropriate measures to minimize the transmission of disease.

Students will receive details of the immunization requirements with their acceptance package and at [Vaccine Requirements For Health Care Programs](#) at the Student Wellness Hub. Immunizations can be completed at the Student Wellness Hub, which operates during the summer.

For information on how to make an appointment at the Student Wellness Hub, see [mcgill.ca/wellness-hub/hub-clinical-services/how-access-hub-clinical-services#Appointments](http://mcgill.ca/wellness-hub/hub-clinical-services/how-access-hub-clinical-services#Appointments).

**Note:** You must also refer to your specific faculty's or school's immunization section to be certain that all immunization requirements have been fulfilled.

**Note for Medicine and Dentistry:** M.D., C.M. and D.M.D. students must also refer to Health & Safety section of UGME Policies & Procedures at [mcgill.ca/ugme/academic-policies#healthsafety](http://mcgill.ca/ugme/academic-policies#healthsafety).

**General Fees**

Reconsideration fee

\$40

Prepayment Fee:

### Dentistry and Medicine - Microscopes

In order to ensure that each student is adequately equipped for the microscopic work in histology, microbiology, and pathology, a binocular microscope is provided for all students in first and second year.

### Medicine Fees

Books, Laboratory Materials, Gloves, Anatomy Dissection Kit, Stethoscope, BP cuff, etc.	approximately \$1,500 to \$2,000 (for duration of program)
One Short White Coat with McGill Logo	approximately \$50
<i>Collège des médecins du Québec</i> (CMQ) registration fee – beginning of First Year (September 30)	\$130

### Medicine Extra Fees

Vaccines	see the <a href="#">Student Wellness Hub</a>
French Medical Workshop (optional registration; recommended) – <i>All students are required to have working French knowledge during clinical rotations (years 2, 3, 4)</i>	\$385 per course (see <a href="#">Language Requirements</a> )

### Medicine - Laptops

The M.D.,C.M. program uses web-based courseware and examinations. Students are required to be equipped with laptops that meet certain minimum requirements throughout all four years of the M.D.,C.M. program.

### Nursing Fees

Books, Uniform, Stethoscope, etc.	approximately \$2,500 to \$3,500 (for duration of the program)
Graduation Pins – Third Year	\$80 to \$200, depending on market value
Name Badge – First Year	approximately \$26
OIIQ registration fee (paid at the OIIQ)	approximately \$250 (for duration of

## 2.4 Immigration Information

Unless their studies at McGill will be completed in less than six (6) months, all students who are not Canadian citizens or Permanent Residents of Canada must obtain proper authorization from both Quebec and Canadian Immigration officials prior to proceeding to Canada and/or commencing studies. The process begins with a Letter of Acceptance from McGill University.

Details on Canadian immigration regulations may be obtained from *Immigration, Refugees, and Citizenship Canada*.

Nursing students are required to obtain a work coop in addition to their study permit. For further information please consult our website [mcgill.ca/nursing/students/student-portal/clinical](http://mcgill.ca/nursing/students/student-portal/clinical).

Montreal QC H8S 4K4  
Telephone: 514-934-1934  
Website: [muhc.ca/lachine-hospital](http://muhc.ca/lachine-hospital)

The MUHC is a community of more than 17,000 people working within the organization's seven clinical missions: Medicine, Surgery, Neurosciences, Mental Health, Women's Health, Cancer Care and the Montreal Children's Hospital. In 2022–2023, our workforce comprised 3,793 nurses, licensed practical nurses, cardiorespiratory staff, and orderlies; 2,098 health professionals other than physicians and nurses (includes some residents and technicians); 3,493 researchers,

Centre for Nursing Research), cardiovascular disease, genetics, emergency medicine, nephrology, and the psychosocial aspects of illness. The outstanding quality of this work has enabled the Lady Davis Institute to rank among the leaders of Quebec's hospital-affiliated research institutions in attracting high levels of funding per researcher.

More information is available at [jgh.ca](http://jgh.ca).

**St. Mary's Hospital Center** (Montreal West Island Integrated University Health and Social Services Centre/*Centre intégré universitaire de santé et de services sociaux (CIUSSS) de l'Ouest-de-l'Île-de-Montréal*)

3830 Lacombe Avenue  
Montreal QC H3T 1M5  
Telephone: 514-345-3511

St. Mary's Hospital Center (SMHC) is an acute-care specialized McGill University affiliated teaching hospital with 271 adult beds. Its official designation as a university-affiliated teaching hospital or a CHAU (*Centre hospitalier affilié universitaire*) further reinforces its commitment and ability to deliver high quality health care while playing a leading role in the areas of teaching and research. It is responsible for the training of a large cohort of undergraduate and post-graduate students in Medicine and the allied health disciplines.

In 2022–2023, over 3,563 babies were delivered at St. Mary's, which is the first hospital in Montreal to have received the World Health Organization's (WHO) international recognition of Baby Friendly Hospital Status by the Quebec ministry of health. St. Mary's also has a progressive and active Family Medicine Centre recognized for its teaching. The Hospital also provides numerous highly specialized services such as renal dialysis, oncology, geriatric assessment, and psycho-geriatric, nuclear medicine, C.T. scanning services, as well as MRI exams. There are more than 94,301 out-patient clinic visits; 6,589 procedures through the surgical day centre, and over 14,106 patient admissions, in addition to ambulatory care visits, annually. The Hospital is noted for its devotion to patients, motivation toward the achievement of excellence, and compassionate care.

St Mary's Research Centre is embedded in St Mary's Hospital Center. Visit the [St. Mary's Research Centre page](#) to learn more.

**Douglas Mental Health University Institute** (Montreal West Island Integrated University Health and Social Services Centre /*Centre intégré universitaire de santé et de services sociaux (CIUSSS) de l'Ouest-de-l'Île-de-Montréal*)

6875 LaSalle Boulevard  
Montreal QC H4H 1R3  
Telephone: 514-761-6131  
Website: [douglas.qc.ca](http://douglas.qc.ca)

Founded in 1881, the Douglas Mental Health University Institute has a triple mission of care, research, and teaching. A member of the McGill Integrated University Health and Social Services Network (RUISSS McGill) and affiliated with the World Health Organization, it offers hospitalization and extensive out-patient services.

The hospital provides child and adolescent, adult, and geriatric clinical services, and is dedicated to treating patients in the least restrictive manner possible, with a major focus on rehabilitation and successful reintegration into the community. It offers training for residents in psychiatry, as well as for medical and paramedical students from a wide range of disciplines. There are more than 110,063 interventions carried out annually in all programs combined.

The Douglas Institute is one of the largest research centres in mental health in the country, with a team of 68 scientists and clinical researchers and more than 275 university students. This team is devoted to making better sense of the causes of mental disorders—whether genetic, environmental, cultural, or social—as well as developing diagnostic tools, treatments, and prevention methods.

The [Douglas Research Centre](#), embedded in the Douglas Mental Health University Institute, is the second largest mental health research centre in Canada, comprising a team of multi-disciplinary Principal Investigators, and MSc and PhD students and postdocs from diverse departments at McGill University and other institutions.

The Douglas Research Centre is also home to McGill University centres in schizophrenia, aging, and suicide, as well as the Montreal Pan Am0 1sj1 0P

### **2.5.3 Clinical Facilities for Dentistry**

The McGill University Undergraduate Teaching Dental Clinic, previously located in the Montreal General Hospital, is now located at:

Place Mercantile  
2001 McGill College Avenue, Suite 100  
Montreal QC H3A 1G1  
Canada  
Telephone: 514-398-7203  
Fax: 514-398-8900  
Website: [mcgill.ca/dentistry/undergraduate-teaching-clinic/contact](http://mcgill.ca/dentistry/undergraduate-teaching-clinic/contact)

At the clinic, students in the undergraduate program are taught under the guidance of the dental staff to carry out various phases of clinical dentistry and related laboratory procedures. They attend this clinic daily except for such time as may be taken up by lectures or other university work.

### **2.5.4 Facilities for Human Nutrition**

The [Clinical Nutrition Research Unit](#) is a state-of-the-art research facility located in Sainte-Anne-de-Belleville.

For more information, visit [mcgill.ca/painresearch](http://mcgill.ca/painresearch)

#### **2.5.6.3 The Neuro (Montreal Neurological Institute-Hospital)**

3801 University Street

The DMD Advanced Standing for Foreign Trained Dentists Pathway is intended for graduates of international dental programs that are not accredited by the Commission on Dental Accreditation of Canada (CDAC). Internationally trained dentists that would like to complete their Doctor of Dental Medicine (D.M.D.) degree should apply for this program.

Successful candidates will be awarded their D.M.D. degree after completing 2.5 years of the D.M.D. program. Students accepted into the DMD Advanced Standing for Foreign Trained Dentists Pathway are placed in the second half of the second year of the four-year D.M.D. program.

The number of positions available for the DMD Advanced Standing for Foreign Trained Dentists Pathway varies every year depending on the space available and the needs of the program. Successful candidates will begin the program in early December. Dentists who have graduated from a non-accredited dental program and who are interested in getting licensed to practise in Canada can complete the National Dental Examining Board of Canada (NDEB) Equivalency Process. The Equivalency Process comprises three assessments. Successful completion of the assessments allows individuals to apply to take the NDEB written and OSCE examinations. For more information, see the [NDEB Equivalency Process](#).

Graduates of non-accredited dental programs who wish to practice in Quebec should also consult with the [Ordre des dentistes du Québec](#).

### **Requirements**

To apply to the DMD Advanced Standing for Foreign Trained Dentists Pathway, you must fulfil the following requirements:

- Be a graduate of a non-accredited dental program.
- Be a recognized resident of Quebec, Canadian citizen, or permanent resident of Canada.
- Must have successfully completed the Advanced Dental Admission Test (ADAT) between March 1 and August 31, 2024. Please note that results from 2022 and 2023 will also be accepted.
- Have successfully completed the CASPer test by the required deadline. Please refer to

---

## 4.2 Province of Quebec

In addition to holding an NDEB certificate, graduates who wish to practice in Quebec must meet the language requirement for professionals; see : [Language Requirements for Professions](#).

Further information regarding licensure in Quebec may be obtained from:

*Ordre des Dentistes du Québec*  
800 René-Lévesque Ouest, Suite 1640  
Montreal QC H3B 1X9  
Telephone: 514-875-8511  
Email: [info@odq.qc.ca](mailto:info@odq.qc.ca)  
Website: [www.odq.qc.ca](http://www.odq.qc.ca)

---

## 4.3 Dental Regulatory Authorities in Other Provinces

Students are advised to write to the addresses listed below for information whenever they are in doubt as to the regulations of any province in Canada.

### **Alberta**

Executive Registrar, Alberta Dental Association, Suite 101 - 8230 105th Street, Edmonton AB T6E 5H9  
Website: [www.dentalhealthalberta.ca](http://www.dentalhealthalberta.ca)

### **British Columbia**

Registrar, College of Dental Surgeons of British Columbia, Suite 500 - 1765 West 8th Avenue, Vancouver BC V6J 5C6  
Website: [www.cdsbc.org](http://www.cdsbc.org)

### **Manitoba**

Registrar, Manitoba Dental Association, Suite 202-1735 Corydon Avenue, Winnipeg MB R3N 0K4  
Website: [www.manitobadentist.ca](http://www.manitobadentist.ca)

### **New Brunswick**

Registrar, New Brunswick Dental Society, 570 Queen Street, Suite 504, P.O. Box 488 Station "A", Fredericton NB E3B 6Z6  
Website: [www.nbdental.com](http://www.nbdental.com)

### **Newfoundland & Labrador**

Registrar, Ne

Information should also be obtained from the secretary of the licensing board of the specific state in which the student intends to practise.

---

---

Entrance scholarships are available for students accepted to the Dent-P Qualifying Year. They are not awarded by the Faculty of Dental Medicine and Oral Health Sciences, but by the Faculty of Science or the central Scholarships and Student Aid Office. During this one year Dent-P Qualifying Year, students are registered in the Faculty of Science and hence are eligible for University entrance scholarships. Once the student is promoted to the DMD Program under the Faculty of Dental Medicine and Oral Health Sciences, these scholarships are renewable annually for three academic periods if the student meets the renewability criteria.

---

## 7.2 In-Course Scholarships

Each year, scholarships are awarded by the Faculty to students of High Academic Standing who are currently enrolled in a full-time undergraduate degree program. Advanced Standing students cannot compete for prizes unless they meet the precise criteria for the prizes within the specified time frame.

### **Dr. Ernest R. Ambrose Scholarship in Dentistry**

Established in 2001 by Doreen Laszlo, B.Ed.(PE)'62, D.D.S.'69, and Charles A. Laszlo, B.Eng.'61, M.Eng.'66, Ph.D.'68, to honour Ernest R. Ambrose, D.D.S.'50, a distinguished graduate, professor, and former Dean of the Faculty of Dental Medicine and Oral Health Sciences. This scholarship will be awarded by the Faculty of Dental Medicine and Oral Health Sciences Scholarships Committee to an outstanding undergraduate student in the Faculty of Dental Medicine and Oral Health Sciences, who has demonstrated common sense, compassion, and excellence in restorative dentistry. Preference will be given to students who are entering the fourth year of the D.M.D. program.

### **Dr. Janet Griffin-Merth Scholarship in Dentistry**

Established in 2002 through gifts from McGill Dentistry graduates in British Columbia, family and friends, to honour the memory of Janet Griffin-Merth, B.Sc.'67, D.D.S.'72. Janet inspired many with her contributions to McGill and her dedication and compassion toward her patients, staff, and colleagues. Awarded on the basis of academic achievement by the Faculty of Dental Medicine and Oral Health Sciences to a student who has completed at least one year of the D.M.D. program. Preference shall be given to students from British Columbia.

### **Dr. James E.G. Harrison Scholarship in Dentistry**

Established in 2001 by James E.G. Harrison, D.D.S.'51. This scholarship will be awarded by the Faculty of Dental Medicine and Oral Health Sciences Scholarships Committee to a meritorious undergraduate student in the D.M.D. program who demonstrates a firm commitment to the ethical practice of dentistry in interactions with patients and colleagues or in essays on professional conduct and responsibilities. Preference will be given to students who are entering the third or fourth year of the D.M.D. program.

### **Dr. Howard S. Katz Scholarship in Dentistry**

Established in 2001 through gifts from family, friends and colleagues, to honour the memory of Howard S. Katz, B.Sc.'67, M.Sc.'70, Ph.D.'73, D.D.S.'77, a distinguished graduate of the Faculty of Dental Medicine and Oral Health Sciences and Associate Dean (Academic) at the time of his death December 11, 1999. The Dr. Howard S. Katz Scholarship commemorates his many contributions to McGill and to the community and, in particular, his dedication to the well-being of students, patients, and colleagues. This scholarship will be awarded by the Faculty of Dentistry to a student who has completed at least one year of the D.M.D. program, on the basis of academic achievement.

### **Dr. Earl Lerner Faculty Scholarship**

Established in 2000 by a generous gift from Dr. Earl Lerner, D.D.S.'63, for an undergraduate student currently enrolled in the D.M.D. program. This Scholarship will be awarded on the basis of high academic achievement, by the Faculty of Dental Medicine and Oral Health Sciences. Preference will be given to a student entering the second year of the D.M.D. program.

### **Dr. William Boroff Scholarship in Dentistry**

Established in 2004 through generous gifts from family and the McGill Dentistry Class of 1973 on their 30th Anniversary of graduation to honour the memory of their classmate, Dr. William Boroff. This Scholarship will be awarded by the Faculty of Dental Medicine and Oral Health Sciences Scholarships Committee to a meritorious undergraduate student in the D.M.D. program who has demonstrated outstanding qualities of character, perseverance, and sportsmanship. Preference will be given to a student who is entering the fourth year of the D.M.D. program.

### **Dr. Harry Rosen Scholarship in Dentistry**

Established in 2004 by A. Bram Appel, B.Com.'35, and Bluma Appel, in honour of Harry Rosen, D.D.S.'53, a distinguished graduate and Professor Emeritus of the Faculty of Dental Medicine and Oral Health Sciences, entering the fourth year of the D.M.D. program.

Established in 2022 by family and friends of Dr. Robert Axelrad. Awarded by the Faculty of Dental Medicine and Oral Health Sciences on recommendation from faculty and students to one or two students in good academic standing who have demonstrated exceptional warmth and empathy toward patients.

**Dr. Stanley S. Blum Award**

Established in 2023 by his family in honour of Dr. Stanley S. Blum, B.Sc.'64, D.D.S.'68. Awarded by the Faculty of Dental Medicine and Oral Health Sciences at the White Coat Ceremony to one or more undergraduate students enrolled in the Faculty with a demonstrated interest and excellence in restorative dentistry.

---

## 7.3 Medals and Prizes

The Faculty of Dental Medicine and Oral Health Sciences is well aware of the many awards and prizes that are offered to students through various academies, associations, and commercial dental manufacturers. However, due to Faculty policy which was initiated by the *Dental Students' Society*, only official prizes and awards that are listed in the Health Sciences eCalendar will be recognized on student records. Further information regarding financial aid for undergraduate students is available at [McGill Scholarships and Student Aid](#) web page.

### 7.3.1 First Year

**James Q. Bliss Annual Book Award**

Awarded to the student who obtains the highest standing in the Renal Block E.

**Shirley Nancy Endman Prize**

Established in 1982 by Louis Endman in memory of his wife. Awarded to the student who obtains the second highest standing in the Renal Block E.

**Epidemiology Book Prize**

Awarded to the student who obtains the highest standing in Epidemiology of Molecules to Global Health Block A; Year 1 of the medical curriculum.

**Joseph Hils Prize**

Founded by the late Dr. Joseph Hils, of Woonsocket, R.I. Awarded to the student obtaining the highest standing in the Movement Block H.

**F. Slater Jackson Prize**

Founded by Mr. and Mrs. H.F. Jackson in memory of their son, the late F. Slater Jackson, M.D. Awarded to the student with the highest standing in the Molecules to Global Health Block A.

**Samuel Rosenfeld Prize**

Awarded to the student with the highest standing in the Defense Block F.

**Mary and Louis Streicher Prize**

Established in 1980, awarded to the student with the highest standing in the Digestion and Metabolism Block D.

### 7.3.2 Second Year

**Note:** Criteria subject to change due to revised curriculum—Fundamentals of Medicine and Dentistry (FMD) and Fundamentals of Dentistry.

**Dr. W.C. Bushell Award**

Awarded to the students with the highest overall standing in the Radiology course in the second year of the dental curriculum.

**Dr. M. Donigan Award**

Presented to the student attaining the highest overall standing in the Physicianship and Dentistry Apprenticeship units in the FMD component of the curriculum.

**Joseph Morley Drake Prize**

Founded by the late Joseph Morley Drake, M.D. Awarded to the student with the highest standing in the Pathobiology, Prevention and Treatment of Disease unit.

**Dr. Leanore K. Feine Prize**

Awarded to an undergraduate student who has best demonstrated commitment to the oral health of the local community.

**Charles E. Frosst Medical Prize and Bronze Medal**

A bronze medal and prize of \$1,000 are awarded annually to a student, in the Basis of Medicine, who has achieved excellence in the Unit on Pathobiology, Treatment, and Prevention of Disease and has demonstrated, on the basis of interviews, the most promise in the field of Pharmacology.

**Dr. Maxwell and Betty L. Goldenberg Prize**

Established by a generous bequest from the estate of Mrs. Betty L. Goldenberg in honour of her husband Dr. Maxwell Goldenberg, D.D.S.'25. Awarded by the Faculty of Dental Medicine and Oral Health Sciences to the student attaining the highest standing in the Practical Clinical Component of Cycle Two (PreClinical Studies), in the second year of the dental undergraduate program.

**Robert B. Greenblatt Prize**

Endowed in 1987 by Dr. Robert B. Greenblatt, an eminent endocrinologist and Professor Emeritus at the Medical College of Georgia, who graduated from McGill with a B.A. in 1928 and an M.D.,C.M. in 1932. Awarded by the Faculty Scholarships Committee to the student who obtains the highest standing in the Reproduction and Sexuality Block I.

**Dr. I.K. Lowry Award**

Awarded to an undergraduate student who has obtained the highest overall standing in the Support Tissue course in the second year of the dental curriculum.

**Francis McNaughton Prize**

Established in 1980, a prize and a book are awarded to the student with the highest standing in the Human Behaviour Block J.

**Dr. K.I. Melville Award**

Awarded to an undergraduate student who has obtained the highest overall standing in the Foundations of Dentistry course in the second year of the dental curriculum.

**Dr. D.P. Mowry Award**

Presented to the student attaining the highest overall standing in the second year of the dental curriculum.

**Mark Nickerson Prize**

Established in 1990 by the Department of Pharmacology and Therapeutics in honour of Professor Mark Nickerson, a renowned McGill pharmacologist. Awarded to the student in the Basis of Medicine, who has achieved excellence in the unit on Pathobiology, Treatment and Prevention of Disease and has demonstrated, on the basis of interviews, an understanding of the role of pharmacology and therapeutics in contemporary society. Recipients will also receive a scroll.

**Dr. Arthur S. Solomon Award**

Presented to the student attaining the second highest standing in the FMD component of the curriculum.

**Sutherland Prize**

Founded in 1878 by the late Mrs. Sutherland in memory of her husband, William Sutherland, M.D., formerly Professor of Chemistry in the Faculty. Awarded to the student who obtains the highest standing in the Basis of Medicine component of the medical undergraduate curriculum.

**7.3.3 Third Year**

**Dr. L.A. Cohn Prize**

Awarded to the student attaining the highest standing in Prosthetic Dentistry in the third year of the dental undergraduate program.

**Pierre Fauchard Academy Prize**

Awarded to the junior Canadian Dental Association Student Governor for demonstrating leadership in the profession.

**Dr. Lyman E. Francis Prize**

Awarded to the student in the third year of the program who has obtained the highest standing in the subjects of Dental Pharmacology, Oral Pathology, Medicine, and Radiology.

**Dr. Gerald Franklin Prize**

Awarded to the student attaining the highest standing in the examinations in the third year of the dental undergraduate program.

**Dr. Philip J. and Mrs. Stella Gitnick Prize**

Established in 2009 by Barbara Gitnick, B.Sc.'70, D.D.S.'78, in honour of her late parents, Philip J. Gitnick, D.D.S.'35, and Stella Gitnick. Awarded by the Faculty of Dental Medicine and Oral Health Sciences Scholarships Committee to an outstanding student entering the fourth year of the D.M.D. program, who has achieved the highest standing in the area of Periodontology.

**International College of Dentists Prize (Canadian Section)**

The Scholarships and Student Aid Office administers the University's financial aid programs, which include short-term and longer-term low-interest loans and limited bursary assistance for high need students. A description of loans and bursaries available to full time degree students in good Academic Standing can be found in the [Undergraduate Scholarships and Awards Calendar](#).

Applications for In-Course Financial Aid can be found through the Financial Aid/Awards menu in Minerva. An appointment with a Financial Aid Counsellor is required. To be considered for McGill financial aid, it is expected that D.M.D. students apply for and accept the maximum government student aid available and explore professional lines of credit with their bank. For information on government funding, please visit [mcgill.ca/studentaid/government](http://mcgill.ca/studentaid/government).

## 7.5 Dental Officer Training Plan

The Dental Officer Training Plan is a subsidization plan offered to eligible dental undergraduates by the Canadian Forces in return for a short period of service following graduation. Under the plan, candidates are provided with a second lieutenant's rank and salary, as well as payment for tuition, instruments, supplies, and books. During the Summer months, candidates undergo officer training.

To be eligible, a student must be able to meet the Canadian Forces standards for enrolment and be academically acceptable, without condition, to any one of the four professional years of the dental program.

Full details of the Dental Officer Training Plan may be obtained from:

Commanding Officer  
Canadian Forces Recruiting Centre  
1420 Sainte Catherine Street West  
Montreal QC H3G 1R3  
Telephone: 514-390-4999  
Website: [www.forces.gc.ca](http://www.forces.gc.ca)

## 8 Evaluation and Promotion

All issues related to student promotion and graduation are the responsibility of the Student Promotion Committee.

The Evaluation System is under constant review by the Faculty of Dental Medicine and Oral Health Sciences. The Faculty reserves the right to change rules and regulations at any time, although in general such changes will not come into effect in the middle of an academic year/promotion period.

For information regarding McGill policies and procedures, please consult the [Student Rights and Responsibilities](#) website (including the [Code of Conduct and Disciplinary Procedures](#) subsection), as well as the Faculty of Dental Medicine and Oral Health Sciences' Professionalism Standard, ng.Th 0 1 433.957 3ltine 0 1 9u

### 9.1.2 About Dentistry

Our Undergraduate Dental Program (D.M.D.) curriculum is innovative and dynamic, reflecting the minds of our outstanding professors and their vision for training tomorrow's leaders in oral health care. First and foremost, we want our graduates to be professionals who possess sound judgment. We believe this is the best way to ensure that their patients, and the population at large, receive the most effective care possible—health care that is supported by scientific evidence and a sense of social justice.

To attain this goal, we have created a curriculum that employs cutting-edge approaches to the management of oral health problems, as well as innovative teaching and learning techniques. It focuses on the relationship between oral health and general health.

During recent years, our curriculum has changed dramatically to reflect the evolving needs of society and the dental profession. In the coming years, our curriculum will evolve further to improve the capacity of our graduates to better serve underprivileged groups in our society and to become leaders in oral health-related research and academics, organized dentistry, dental practice, and government, all with a view to addressing the enormous disparities in oral and general health that exist in society today.

#### *section 9.1.4: Doctor of Dental Medicine (D.M.D.) Dentistry (Four-Year Program) (221 credits)*

During the first 16 months of the program, the Fundamentals of Medicine and Dentistry are taught in conjunction with the Faculty of Medicine and Health Sciences. Students then complete seven months of intense preclinical training followed by two years of clinical training in our brand new state-of-the-art undergraduate teaching clinic. Students rotate through various hospital departments including Oral and Maxillofacial Surgery (at the Montreal General Hospital), P

Applications to the D.M.D. program must be submitted by **November 1**. Students applying to the Dent-P Year must submit their application by **March 1**. International Dental Graduates interested in applying to our DMD Advanced Stats applying to the Dent-P

The Admissions Office may accept Advanced Levels (UK System), French Baccalaureate *année Terminale, Série S*, IBO Courses (Higher Level), and AP Results (College Board) as acceptable alternatives. Official test results should be sent from the examination board directly to McGill Enrolment Services:

### 9.1.5 Bachelor of Science (B.Sc.) - Dental Preparatory (Dent-P) (30 credits)

The five-year program consists of a Dental Preparatory (Dent-P) year followed by the regular four-year dental program. During the Dent-P year, students are registered in the Faculty of Science and must take courses totalling 30 credits. There are several required courses as well as a number of elective courses selected for the purpose of broadening and enriching their education.

Required Courses in Sciences (18 credits)

Elective Courses in Humanities (12 credits)

A student accepted to the Dent-P program will be required to register for a full year in the Faculty of Science. In that year, the student must take courses totalling 30 credits. Following the successful completion of this year, determined by a Student Promotion Committee, students will proceed into the first year of the four-year program. Students must obtain a minimum cumulative GPA of 3.5 with all individual grades "B" or higher for required courses and passing grades for all complementary courses to be promoted into the first year of the D.M.D. program.

Note: Students failing to meet these requirements will be able to transfer into a B.Sc. and may reapply to the D.M.D. program following completion of the undergraduate degree. Please note that a grade of B in all courses would lead to a GPA of 3.0 and that a grade of B in required courses and grades below B in complementary courses would lead to a GPA below 3.0.

## 9.2 General Practice Residency Program

### 9.2.1 Location

#### Faculty of Dental Medicine and Oral Health Sciences

Place Mercantile

2001 McGill College Avenue, Suite 500

Montreal QC H3A 1G1

Email: [gpr.dentistry@mcgill.ca](mailto:gpr.dentistry@mcgill.ca)

Website: [mcgill.ca/dentistry](http://mcgill.ca/dentistry)

#### 9.2.1.1 About General Practice Residency Program

The GPR program offers advanced postgraduate training in all aspects of general practice dentistry. Residents are exposed to a wide variety of dental and related medical specialties. The program also includes practical training in oral conscious sedation and certification in Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS).

***section 9.2.3: Certificate (Cert.) General Practice Residency Program (Dentistry) (52 credits)***

McGill University has been training leaders in dentistry in Canada, the United States, and other countries for over 100 years. The Faculty of Dental Medicine and Oral Health Sciences' General Practice Residency Program is the largest in the country with a current enrolment of 23. Throughout this one-year training program, residents will be exposed to a broad multidisciplinary approach to clinical practice. Our dental clinics are located at three sites, two of which are within the McGill University Health Centre (MUHC). Sites are currently located at:

- Montreal General Hospital – Adult Site (MUHC, MGH Adult Site)
- Montreal Children's Hospital (MUHC, MCH)
- Jewish General Hospital (JGH)

**9.2.2 General Practice Residency Program Admission Requirements and Application Procedures**

**9.2.2.1 Admissions Requirements**

Graduates from CDA (Canadian Dental Association) and ADA (American Dental Association) approved dental schools are eligible to apply. Successful candidates:

- must have received or be in the final year of a course of study leading to a Doctorate in Dental Surgery (D.M.D./D.D.S.) or an equivalent program;
- must be in receipt of this degree by the time of registration in the first year of the program;
-

## 1. Official Transcripts of all previous university education

If offered admission, at that time, students must make arrangements with their college and/or university to send official transcripts to McGill.

Official copies of transcripts can be sent to the McGill Documentation Centre:

McGill University – Enrolment Services  
Student Records  
3415 McTavish Street  
Room MS 13  
Montreal QC H3A 0C8  
CANADA

**Important:** Official transcripts sent to McGill University become the property of the University and will not be returned or forwarded to other institutions.

Current McGill University students are **not** required to send transcripts by mail. McGill's admitting office obtains these directly. All other applicants must make arrangements with their college and/or university to send official transcripts to McGill.

## 2. Three Reference Letters

- One from the Dean of your school
- Two letters of reference from the dental professors (referees) who are familiar with your academic ability and who have agreed to provide references

## 3. Personal Statement

If applying to multiple sites, an additional personal statement is required for the MUHC Montreal Children's Hospital and should be addressed to: Program Director (Department of Dental Medicine and Oral Health Sciences), 1040 Atwater Street, Montreal, QC, H3Z 1X3. Upload this additional personal statement on the submission platform.

**Note:** All documents submitted to McGill University in support of an application to be admitted—including, but not limited to transcripts, diplomas, letters of reference, and test scores—become the property of McGill University and will not be returned to the applicant or forwarded to another institution.

Make sure to include your name and McGill ID number with each submission.

### 9.2.2.3 Application Dates and Deadlines

All applications to the GPR program must be completed online. The application period starts on **August 1** and ends **September 15**; for more information, see [mcgill.ca/dentistry/general-residency-progr](http://mcgill.ca/dentistry/general-residency-progr)

## 9.3 Oral and Maxillofacial Surgery

### 9.3.1 Location

#### Division of Oral and Maxillofacial Surgery

Montreal General Hospital  
1650 Cedar Avenue, Room B3.119  
Montreal QC H3G 1A4  
Canada  
Email: [omfs.dentistry@mcgill.ca](mailto:omfs.dentistry@mcgill.ca)  
Website: [mcgill.ca/dentistry](http://mcgill.ca/dentistry)

### 9.3.2 About Oral and Maxillofacial Surgery

The Division of Oral and Maxillofacial Surgery offers the following programs:

- Certificate in Oral Surgery Internship
- Certificate in Oral and Maxillofacial Surgery
- Integrated MDCM-OMFS Residency Program
- An ad hoc Fellowship in Maxillofacial Oncology and Microvascular Reconstruction.

For more details about the Fellowship in Maxillofacial Oncology and Microvascular Reconstruction, please contact the division's Student Affairs Administrator, [omfsprogram.dentistry@mcgill.ca](mailto:omfsprogram.dentistry@mcgill.ca) directly.

#### *section 9.3.4: Certificate (Cert.) Oral Surgery Internship (52 credits)*

The Division of Oral and Maxillofacial Surgery offers a one-year Internship in Oral Surgery and a two-year Internship in Oral Surgery. The program is designed to allow dental graduates a chance to gain greater experience in dentoalveolar surgery and other oral surgical activities. The intern works closely with the OMFS residents throughout the year, sharing responsibilities with the junior OMFS residents. The one-year Internship in Oral Surgery is offered to Canadian citizens or permanent residents who have graduated from an accredited North American dental School. The two-year Internship in Oral Surgery is a non-funded program and is offered to candidates who are graduates of programs that have a contractual sponsorship agreement through the Faculty of Dental Medicine and Oral Health Sciences, and is not open to all candidates.

#### *section 9.3.5: Certificate (Cert.) Oral and Maxillofacial Surgery (4-year program) (144 credits)*

The four-year Certificate in Oral and Maxillofacial Surgery is a non-funded program and is only offered to candidates who are graduates of programs that have a contractual sponsorship agreement through the Faculty of Dental Medicine and Oral Health Sciences, McGill University, and is not open to all candidates.

#### *section 9.3.6: Certificate (Cert.) Oral & Maxillofacial Surgery (Integrated O.M.F.S. & M.D.,C.M.)*

McGill University, through the faculties of Medicine and Health Sciences and Dental Medicine and Oral Health Sciences, offers a joint M.D.,C.M./OMFS Program. Upon successful completion of this six-year program, students will receive an M.D.,C.M. degree from the Faculty of Medicine and Health Sciences and a Certificate in Oral and Maxillofacial Surgery from the Faculty of Dental Medicine and Oral Health Sciences. The program is fully-accredited by the Commission on Dental Accreditation of Canada. The M.D.,C.M. degree is fully accredited by the Liaison Committee for Medical Education and the Council on Accreditation of Canadian Medical Schools.

### 9.3.3 Oral and Maxillofacial Surgery Admission Requirements and Application Procedures

#### 9.3.3.1 Admissions Requirements

Please visit [mcgill.ca/dentistry/programs](http://mcgill.ca/dentistry/programs) or contact the division of Oral and Maxillofacial Surgery of the Faculty of Dental Medicine and Oral Health Sciences at [omfsprogram.dentistry@mcgill.ca](mailto:omfsprogram.dentistry@mcgill.ca) for admission requirements.

#### 9.3.3.2 Application Procedures

McGill's online application for Oral and Maxillofacial Surgery program candidates are available at [mcgill.ca/omfs/academic-programs](http://mcgill.ca/omfs/academic-programs).

**Note:** All applications for OMFS programs must be completed [online](#).

## **Required Documents**

1. Transcripts of all previous university education;

Applicants must upload copies of their unofficial transcripts.

Our Admissions Office reserves the right to require official academic records at any time during the admissions process, and rescind any offer of admission made if discrepancies between unofficial and official record(s) are found. Official transcripts uploaded or sent to McGill University become property of the University and will not be returned or forwarded to other institutions.

2. A minimum of three reference reports or letters;
3. CV;
4. Letter of intent/personal statement; and
5. National Board of Examiners Comprehensive Basic Science Examination may be required, please refer to specific program requirements.

All required documents must be uploaded using the document upload feature during application submission.

### **9.3.3.3 Application Deadlines**

The application period starts on **August 1**; the application deadline is **August 31**.

**Certificate (Cert.) Oral Surg4C85arts on**

DENT 585J2	(4)	Oral and Maxillofacial Surgery Clinical and Seminars
DENT 585J3	(4)	Oral and Maxillofacial Surgery Clinical and Seminars

\* DENT 583J1, DENT 583J2 and DENT 583J3 together are equivalent to DENT 583.

### 9.3.6 Certificate (Cert.) Oral & Maxillofacial Surgery (Integrated O.M.F.S. & M.D.,C.M.)

McGill University, through the Faculty of Dental Medicine and Oral Health Sciences, Faculty of Medicine and Health Sciences, and the McGill University Health Centre, offers an advanced education program in Oral and Maxillofacial Surgery. The program is fully accredited by the Canadian Dental Association Accreditation Committee. It is a six-year program and commences on July 1 of each year.

It is the intent of the program to develop both well-trained, practising oral and maxillofacial surgeons, and surgeons who pursue academic careers and research. All residents will also complete an M.D.,C.M. degree through the McGill School of Medicine. For the full M.D.,C.M. curriculum please refer to [www.mcgill.ca/study/faculties/medicine/undergraduate/programs/mdcm-doctor-medicine-and-master-surgery](http://www.mcgill.ca/study/faculties/medicine/undergraduate/programs/mdcm-doctor-medicine-and-master-surgery)

Currently the six-year M.D.,C.M. & OMFS program is only open to dentists who are Canadian citizens or permanent residents of Canada, and have graduated from an accredited North American dental school. Candidates for this program must possess a D.D.S. or D.M.D. degree or the equivalent and be eligible to obtain a limited dental license from the Ordre des dentistes du Québec. (A limited license can be issued by the Ordre des dentistes du Québec without prior testing of French language competency.)

## 9.4 Graduate and Postgraduate Programs

Some **postgraduate** programs are listed in the Professional section, under:

- [section 9.2: General Practice Residency Program](#)
- [section 9.3: Oral and Maxillofacial Surgery](#)

For information regarding other Graduate and Postgraduate programs, refer to the Faculty of Dental Medicine & Oral Health Sciences' [Graduate and Postdoctoral Studies](#) section.

---

## 9.5 Continuing Dental Education

The Faculty sponsors courses in Continuing Dental Education, which are recognized for Continuing Dental Education credits by dental licensing bodies.

Generally, the Faculty offers a series of courses in various clinical and basic sciences related to dentistry. These are provided in both small and larger group sessions to enhance the learning process. The courses are designed to meet the needs of dental practitioners and researchers, to keep them abreast of current concepts and practices, and to make them aware of recent advances in dental science.

A list of such courses and events is updated regularly; please consult [mcgill.ca/dentistry/continuing-education](http://mcgill.ca/dentistry/continuing-education).
